Subject: Submission of Annual Water Rights Activity Report DD: 02/24/2003

The Washington Office has requested, through IM No. 2001-167, dated July 5, 2001, an annual summary on water rights activity from each State. In order for the State Office to complete this report, we need information from all the Field Offices on their Fiscal Year 2002 water rights activities. The information required consists of 20 questions in a tabular form and is attached. While the form has two separate columns, the FY 2002 column only needs to be completed as the NMSO will update the total column based on the numbers submitted last year and your 2002 numbers. The total column should only be used if there is an error in what has previously been reported as the Field Office total, and any entries should be explained. The numbers provided by each office in FY 2001 are attached in an Excel spreadsheet. Please provide your response in this tabular form to Mark Blakeslee, NM (930), by February 24, 2003.

If you have questions, please consult with Mark Blakeslee at (505) 438-7424.
